# OUR MISSION

According to relevant researches, people around the world are changing their way to eat, such as eating more various of food, in more places, and in more ways than before. And all we mentioned above is actually bringing us a great numbers of challenges and chances.

Under this circumstances, Easy Green, named after the goal that we go green in an easy way, was created in 2009 as an eco-friendly packaging company and quickly earned reputation in international market. We aim to offer proper package for 252(love what I love) kinds of different foods. Not only do we want to make food look great, but also we want to keep it safe and sustainable too.

Today, we adhere to the reusable, recyclable, sustainable and low-carbon development route, while involving consumers in better use of safe, environmentally and friendly packaging, at the same time, making environment become better. It's our honor to work with all customers and users together to protect mankind's only "global village". Let's make it from now on!

*Just For Good Food*

## FOOD GRADE RECYCLED PET SHEET

EASY GREEN, R-PET Sheet offers excellent light transmittance and mechanical strength, high resistance to oxygen and water vapor, customized cutting and special functional additives, high-end customization. ABA three-layer co-extrusion structure, in line with EFSA and FDA food safety certification, widely used in food and beverage packaging industry.

FDA EFSA Global Recycled Standard REACH ROHS CE SCS SGS BRC

EASY GREEN, manufacturer of efficient and sustainable thermoformed packaging for food service, medical service, electronic service. **Qualified with FDA/ EFSA certifies**, our PCR PET products are **100% recycled from Post-Consumer Beverage Bottles**. Our ultimate goal is full customer satisfaction, serving your expectations and needs efficiently. We help our global partners to achieve ESG goals.

### Features

- Food grade, FDA & EFSA certified
- ABA Multi-layer / Single Layer
- RPET content percentage: 30% -100%
- Excellent flavour barrier properties
- Easy thermoforming characteristics
- Excellent impact resistance
- High transparency and gloss

# COMPANY PROFILE

EASY GREEN is a R&D based enterprise dedicated to sustainable packaging. Meanwhile, we aiming to provide eco-friendly packaging for customers with whole industrial chain of product design, sample development, mold manufacturing, and finished goods production.

Easy Green, just for good food. Let's work together for eco-friendly packaging solutions and make the world Easier and Greener.

Our products use advanced equipment and facilities to perfect every detail in the flow, ISO complied QC system assure you high and stable quality. In addition, we offer the satisfied service from design, sampling and tools development to manufacturing for your special request. Moreover, Easy Green have exported products and services all over the world, especially in Europe, North America, Oceania, Southeast Asia and South Africa with tremendous reputation.
